

NovaCore Technologies Pvt. Ltd.

CONTRACT POLICY

Document ID	LEG-POL-001
Department	Legal
Document Type	Policy
Policy Title	Contract Review and Approval Policy
Version	2026
Effective Date	01-Apr-2026
Owner Department	Legal

1. Purpose

This policy establishes requirements for contract initiation, legal review, approval, execution, mandatory clauses, exceptions, and contract record retention.

2. Scope

This policy applies to vendor, software, consulting, service, confidentiality, data protection, and other business contracts entered into by NovaCore Technologies Pvt. Ltd.

3. Contract Types

Contracts may include vendor agreements, software licenses, consulting agreements, service agreements, NDAs, DPAs, and other business arrangements.

4. Contract Initiation

The business owner identifies the requirement, commercial context, counterparty, scope, estimated value, and relevant risk considerations. Procurement participates where the contract relates to sourcing or vendor selection.

5. Legal Review

All non-standard vendor contracts require Legal review. A standard approved template without material changes may follow the applicable simplified process, subject to other required approvals.

6. Contract Value and Review

Contract value affects approval and review requirements as follows:

Contract Value / Type	Legal Review	Financial / Management Approval
Up to ■5,00,000 standard process	As required by contract type/risk	Applicable business/Finance approval
■5,00,001 – ■25,00,000	Required	Finance approval as applicable
Above ■25,00,000	Required	Finance approval + senior approval
Non-standard vendor contract, any value	Required	Applicable business/Finance approval

7. Mandatory Clauses

Where applicable, contracts should address confidentiality, data protection, intellectual property, liability, termination, dispute resolution, and governing law.

8. Approval

Contracts must receive applicable business, financial, Legal, and management approvals before execution. Approval requirements may apply cumulatively where multiple controls are triggered.

9. Exceptions

Exceptions require documented justification and appropriate Legal/business approval. An exception to a Legal review step does not automatically waive financial, procurement, security, or other requirements.

10. Execution

Only authorized organizational signatories may execute contracts on behalf of NovaCore Technologies Pvt. Ltd.

11. Record Retention

Executed contracts, approvals, material drafts, legal comments where required, and related records must be retained according to organizational retention requirements.

12. Responsibilities

Business owners define requirements and commercial context. Procurement manages applicable sourcing processes. Finance performs financial review. Legal performs legal review and advises on contractual risk. Authorized signatories execute contracts.

13. Revision History

2025 — Initial policy issued. 2026 — Contract thresholds, mandatory clauses, and review workflow updated.
